

## BRITISH MAKING TELLING ADVANCE AGAINST GERMANS

### Furious Efforts of Teutons to Check Haig's Progress.

### Smashing Through the Hindenburg Line in France.

By Associated Press Dispatch.

Furious efforts are being made by the Germans to stop the progress the British are making in smashing through the Hindenburg line in northern France.

General Haig, however, has made good the most telling gains effected in the renewal of the great drive yesterday.

Pesnoy, three miles east of Vimy, and the captured lines north and south of it are being firmly held after the repulse of numerous severe counter attacks.

A deep salient has been created in the Oppy line here. In the district southeast of Arras, the sector of the Hindenburg line taken yesterday was also subjected to a heavy counter drive, but this valuable position likewise remains safely in British hands.

Only on one narrow front was the British advance negatived. This was in the vicinity of Cherisy and on the Arras-Cambrai road just to the north. Here, the advanced positions taken were evacuated under German pressure.

Meanwhile, activity developed, and a new British success was scored in another part of the fighting front.

Northwest of St. Quentin, a deeper wedge was driven into the German line, and the Halakoff Farm, northeast of Hargicourt, was captured.

The German official report admits the loss of Fresnoy, but claims the capture of more than 1,000 British prisoners.

## BRITISH ARE WAY AHEAD OF SCHEDULE

By Associated Press Dispatch.

Washington, May 4.—The British forces on the western front are two weeks ahead of their attacking schedule, according to a cablegram received here today by Secretary Balfour from the Foreign Office.

The advance, it is said, has been much faster than expected and the losses much smaller.

## CLEVELAND WANTS AID IN FINANCES

### Business Men Urge Governor to Convene Legislature.

By Associated Press Dispatch.

Columbus, O., May 4.—Mayor Harry L. Davis and a delegation of Cleveland business men this morning ask

ed Governor Cox to consider the calling of a special session of the Ohio Legislature at an early date, so that special legislation can be passed enabling Cleveland and any other Ohio city in similar circumstances to borrow to the extent of the entire anticipated revenue instead of but 50 per cent of it, as provided by law, the money to be available in event of emergencies developing from the war.

## CENSORSHIP IS STRICKEN FROM BILL

### Influence of Administration Fails to Save Much Debated Clause.

By Associated Press Dispatch.

Washington, May 4.—The influence of President Wilson's approval of the newspaper censorship section of the espionage bill failed to save it in the House today, and it was stricken from the bill by a vote of 220 to 167.

The vote came after Administration leaders had fought hard for the section under a hot fire of attack, and Chairman Webb of the Judiciary Committee had told the House he had just heard from President Wilson that the section was necessary to the defense and safety of the country.

After eliminating the newspaper censorship section as approved by the Administration from the espionage bill, the House, by a vote of 195 to 183, inserted another section, which makes it necessary to show that publication of prohibited information has been of value to the enemy before penalties of the law become effective.

Postmaster General Burleson, who often visits the Capitol to round up support for Administration measures, made a futile attempt to get enough votes for the censorship section.

## UP TO PRESIDENT

By Associated Press Dispatch.

Washington, May 4.—Under the new section, very wide discretion to prohibit publication of information would be lodged in the President, who would prohibit publication by proclamation.

An overwhelming defeat of the section as drawn by the Administration forced the acceptance of the more liberal provisions.

## CONFESSEES MEET

By Associated Press Dispatch.

Washington, May 4.—Confessee of the House and Senate, working to reconcile conflicting amendments in the army bill, met late today, ready to begin consideration of selective conscription.

The principal difference is the age limit. The Senate made it 21 to 27 and the House made it 21 to 40.

## CRUISER DOCKS AFTER CONVOYING COMMISSIONERS

ADMIRAL AUBE AND SOME OF HER MEN

The French armored cruiser Admiral Aube, which conveyed to Chesapeake bay the converted cruiser on which the French commission came to the United States, arrived at New York and docked at pier 9, North river. Her complement consists of 18 officers and 630 men.

On the forward turret of the cruiser is a bronze plate bearing the inscription "Dec. 23, 1915—Sollum." It commemorates the day the cruiser destroyed the Turkish fortifications at Sollum and was not hit once by a Turkish shell.

The Admiral Aube, seen here as she looked at the pier and photographed with some of her men, is one of the older ships of the French navy. She was laid down in 1900 and launched in 1902. An interesting point about these vessels especially at this time, is that they are protected by Krupp armor.

## CHICAGO WELCOMES M. JOFFRE

By Associated Press Dispatch.

Chicago, May 4.—The French envoys arrived here at noon today. Marshal Joffre and former Premier Viviani were greeted with cheers as they stepped from the train.

Major General Barry, commander of the Central Department, United States Army, and staff, and Mayor Thompson, welcomed the visitors to Chicago.

## SUCCESSOR TO MUELLER IS CHOSEN

(Associated Press Cable.)

Rio Janeiro, Brazil, May 4.—Martine De Sousa Dantas, Under Secretary of State, has been appointed to succeed Dr. Lauro Mueller as Foreign Minister. Dr. Dantas was formerly Minister to Argentina.

In his letter of resignation, Dr. Mueller says that he had retained office up to the present time only because he did not wish to abandon the President while Congress was not in session and when all responsibility for action rested on the executive.

## ROCKINGHAM'S BOAT PICKED UP BY STEAMER

London, May 4.—(Associated Press Cable)—The Admiralty reports that the missing boat from the Rockingham, with all the fourteen men, has been picked up by a British steamer.

## CONSCRIPTION CAMP NEAR TO COLUMBUS

### Adj. General Wood to Issue Order This Week.

### Will Create Camp for 30,000 Men.

By Associated Press Dispatch.

Columbus, O., May 4.—Adjutant General George H. Wood will issue an order this week for the establishment of a division of the Ohio National Guard.

Present units will be utilized. The Tenth Regiment, now being organized, will be added, and field hospital and ambulance forces enlarged, to make three complete brigades.

Location of a proposed concentration camp for conscripts south of Columbus to care for 30,000 men, including those raised under the first call, he said, will be selected after a conference with railroad officials as transportation facilities will be important.

Camp Perry now is the mobilization point. The establishment of a division will give the State a major general, and probably will mean advancement of numerous officers.

## JUNKETERS ACTIVE IN REICHSTAG

### Claim Socialists. Peace Demand Has Caused Unrest.

(Associated Press Cable.)

Amsterdam, via London, May 4.—A Berlin dispatch says that the Conservatives in the Reichstag have offered the following interpolation to Chancellor von Bethmann-Hollweg.

"The Socialist Party, demanding peace without annexation or indemnity, has created uneasiness among the German people, owing to the lack of a clear pronouncement by the Chancellor on the subject.

"While such a peace is suitable to international principles, it does not suit the needs of the life of the German people.

"Is the Chancellor prepared to declare his attitude on this question?"

## VOLUNTEERS TO MAN CARS

By Associated Press Dispatch.

Cleveland, O., May 4.—A call for women volunteers to work as street car conductors was issued today by City Traction Commissioner Sanders.

"The street railway company is 200 men short right now," said Sanders. "The war draft will take a few hundred more. We will have to have women conductors."

## SOLDIERS GATHER AT PALACE FRONT WITH RED FLAGS

### BANK CALL ISSUED.

Washington, May 4.—(Associated Press Dispatch)—The Comptroller of the Currency today issued a call for the condition of all national banks at the close of business on Tuesday, May 1.

### Russians Demand Resignation of Milukoff.

### Disorder Believed to Have Been Quelled.

(Associated Press Cable.)

Petrograd, May 4.—Detachments of soldiers have gathered in front of the Palace, which is used as the headquarters of the provisional government, carrying red flags with inscriptions demanding the resignation of Foreign Minister Milukoff.

## DISCONTENT

(Associated Press Cable.)

Petrograd, via London, May 4.—Discontent has been smoldering for some time, on account of the belief that the Foreign Minister was not in full sympathy with the viewpoint of the workmen and soldiers.

The present outbreak, which began yesterday, was a direct result of the announcement made by the Foreign Office to the Allied nations, to the effect that Russia would not slacken her efforts in the common struggle against the Central Powers and would observe strictly her engagements with her allies.

The workmen and soldiers declare that they should have been consulted before this communication was sent.

At a meeting of the Council of Soldiers and Workmen's Delegates yesterday, the formation of a coalition cabinet was favored.

## WHEAT

By Associated Press Dispatch.

Columbus, O., May 4.—Condition of wheat, with an average for ten years, is 83 per cent as compared to 65 per cent at this time last year, but there will be a decrease of three and a half million bushels compared with a ten year average yield, according to the official report of the Board of Agriculture of Ohio, issued today by Secretary N. E. Shaw.

The decrease is due to a decrease in average acreage of approximately 230,000 acres, although there is an increase of 264,000 acres this year over the acreage of last year.

Many counties report that peaches were entirely killed by late freezes.

## NO TROUBLE IN FINANCES

By Associated Press Dispatch.

New York, May 4.—There will be no difficulty in financing the Government's requirements for the war with Germany, and this can be done without disturbing the country's business, in the opinion of William G. McAdoo, Secretary of the Treasury, expressed here late today after a conference with seventy of the city's leading bankers.

## UNCONFIRMED RUMOR OF RIOT

(Associated Press Cable.)

Amsterdam, May 4.—The Maasbode, of Maastricht, says that serious riots occurred in Berlin last week.

According to the paper, the mob became so menacing that machine guns were used against it. The story is not confirmed from any source.

## GERMANS SEIZE BELGIAN RELIEF

(By American Press.)

London, May 4.—Confiscation by the Germans of the Belgian relief steamer Carmetta is reported in a Central News Dispatch from Copenhagen.

A Danish sailor, who was a member of the crew, is authority for the report. He says the Germans ordered the crew to leave the ship and placed a prize crew on board to take it to a German port.

The men from the Carmetta, in two small boats, asked for provisions, but the Germans refused.

After six days of terrible suffering, the men in one of the boats reached the Norwegian coast.

# SCHOOL MUDDLE IS GROWING ANOTHER INJUNCTION SUIT

**Board of Education of Milledgeville S. D. Asks Court to Enjoin Board in Jasper Township From Employing Teachers—Claim No Authority Is Vested in Jasper Board.**

Declaring that the Jasper Township School Board is without authority to act in that capacity, and that such a board does not exist, the Board of Education of the Milledgeville Village School District early Friday morning enjoined the Jasper Board from employing teachers for Jasper township schools. The action was filed in the common pleas court and plaintiffs are represented by Grege, Patton & Grege.

The style of the case is: F. B. Hidy, A. B. Giddings, J. L. Kelley, F. H. Powers and Harry R. Allen, as members of the Board of Education of the Milledgeville Village School District, against Lyster Baughn, Fred Clemens, U. G. Rankin, J. H. Thompson and U. G. Ferguson, as members of the Jasper township Rural Board of Education, and U. T. Acton as clerk of the board.

The temporary restraining order was issued as prayed for by the petitioners.

The petitioners recite that on March 3, 1917, the county board of education passed a resolution to create a new village school district to be known as the Milledgeville Village School District, consisting of Milledgeville corporation, part of Jasper township, part of Concord township and part of Jefferson township. That on April 14th the county board appointed the plaintiffs members of the board of education of the district.

It is further declared that the defendants formerly composed the board of education of Jasper township, but by reason of the transfer of territory to the Milledgeville district and the creation of the Selden district, no such board as Jasper Township rural board of education exists.

Plaintiffs claim defendants Baughn and Clemens reside in the Selden district, and Rankin in the Milledgeville district. That Ferguson and Thompson are the only two members not included in the two districts, and form a minority of the Jasper Township Rural Board. No quorum exists in the board, it is claimed.

It is still further stated that "disgranted and dissatisfied" property owners of Jasper township enjoined an election called by the Milledgeville Board on the question of issuing \$25,000 in bonds and centralizing the schools.

The defendants had called a meeting for May 4th, to hire teachers, and transact other business, and a restraining order was asked until the suit to enjoin the election could be heard.

I can clean your wall paper. Call Bell 'phone 141-R.  
101 16 FRANK STEVENSON.

## ANOTHER ATTEMPT TO CHANGE SCHOOLS

Efforts to please all residents of Union township in the location of the new centralized school buildings apparently have failed, as a petition was placed in circulation by a resident of the Boggs road, Thursday, asking for the consolidation of certain schools with Marion township, alleging that the new buildings proposed on the Circleville pike will consist of only two rooms.

However, assurance is given by the Board of Education that the new building will consist of at least three rooms and, if necessary four rooms, so that all pupils may be accommodated in proper manner.

It is expected that when some of those who signed the petition learn the intention of the Board, that they may withdraw their names from the petition.

It is planned by some of the petitioners to centralize with Marion township, locating a building at or near the Crouse farm.

Information comes from Marion township that the Marion township Board has virtually agreed to centralize at or near Ottebrein.

## WILMINGTON TRACK MEET IS POSTPONED

Because of the weather conditions making the Wilmington track meet impossible, Friday, the event has been postponed to some date in the near future.

The Washington track squad had made all preparations for the event, and for several weeks have been in training at the Fair Grounds. When the meet is held Washington's representative team will make every effort to maintain Washington's usual standard in these events.

The Wilmington College track meet is one of the biggest high school affairs held in this section and for several years W. H. S. has been entered with no small amount of success, although never winning a meet. A cup is given to the winning team, medals presented to the individuals winning first, second and third.

For several years track has not been pushed vigorously, as in the past but prospects are better this year than for many years.

## TWO-MILE BRIDGE TO BE REPAIRED

The two-mile bridge over Paint creek, on the Columbus pike near the County Infirmary is to undergo extensive repairs next week, under the direction of County Road Superintendent Tom Grove.

A number of new sills will be placed in the structure and a large portion of new flooring laid. Two and one-half inch plank will be used for the flooring.

At no time will traffic be tied up over 30 minutes, care being taken to make the repairs section by section so that traffic may continue with very little interruption.

## CEMETERY ADDITION NOT YET PURCHASED

So far the joint committee of Council and the Union Township Trustees has not made formal purchase of the J. N. Riley lands just west of the cemetery, upon which an option is held and the purchase of which was authorized by Council and the trustees at a joint session many weeks ago.

No other reason is assigned for not closing the deal than that the committee has never gotten together.

Urgent need of the additional territory, which will require several years to place in proper condition, has been pressing for some time.

## READY FOR BUSINESS MIDDLE OF MONTH

The Greenfield Stone Company, of which John M. Jones of this city is sales manager, will be in operation May 15th, turning out crushed stone for road building, block stone for building and pulverized lime for fertilizer.

The work of installing a 320 horse power engine is being completed, and three new crushers are ready for work.

The firm expects to employ a large number of men and to do a large business throughout this portion of Ohio.

## RUMMAGE SALE

The Woman's Home Missionary Society of Grace M. E. church will hold a rummage sale Wednesday, May 16, 1917.

CISTERN, WELL AND PUMP WORK BY FRANK C. DALE. LEAVE YOUR ORDER AT FORD HARDWARE CO. 95 112

If you wish beautiful, clear, white clothes, use Red Cross Ball Blue. All grocers.

## MANY PHYSICIANS OF FAYETTE WILL ATTEND MEETING

**Important Medical Conference in Chillicothe Next Tuesday for All Physicians of Seven Counties—Post Graduate Instruction.**

Physicians of this city and county will participate in an important medical meeting at Chillicothe, Tuesday, May 8. Plans were announced at Columbus by Geo. V. Sheridan, Executive Secretary of the Ohio State Medical Society.

The meeting is one of a series of post-graduate conferences, which are being held at geographic centers throughout Ohio, under the auspices of the State Association. The Chillicothe meeting will include all physicians in Highland, Fayette, Ross, Pickaway, Pike, Jackson and Fairfield counties.

The meeting will be devoted to consideration of "Obstetrics." The lecturing and demonstrating will be by Dr. William D. Porter, of Cincinnati, Clinic professor of obstetrics in the Medical Department of the University of Cincinnati, and prominently identified with the Cincinnati General Hospital—the largest in this country.

Dr. Porter is a recognized authority in this field, and has prepared an address designed to be of the utmost practical value to the physicians who encounter these conditions in their daily practice.

Physicians from throughout the district will participate in the discussion. The intent is to interchange information based on the experience of all present, and to supplement it with a resume of the latest scientific advances in the science.

Developments in the field of medical practice are so rapid that constant study on the part of every practitioner has become an absolute necessity. This is indicated by the frequency of visits to medical educational centers by medical men. The present plan is being worked out by the profession in Ohio to bring this post-graduate instruction within the reach of every physician and to make it impossible for them to give their patients the benefit of the newer developments of scientific research.

The visiting physicians will be the guests of the Ross County Medical Society. The meeting begins in the afternoon at four o'clock. At six o'clock a dinner will be served at the Masonic Temple, where both the afternoon and evening session will be held.

## HERBERT KING IS FOUND DEAD IN HOME

Mr. Herbert King, aged about 36 years, formerly of the Good Hope community, but for several years a resident of Greenfield, was found dead on the kitchen floor at his home early Friday morning, and is supposed to have been dead since Thursday evening.

Mr. King was last seen alive Thursday evening and Friday morning when a neighbor went to the King home he discovered the body on the kitchen floor; death evidently having been due to heart trouble. Indications were that he was in the act of kindling a fire when the fatal attack seized him.

Mr. King had been making his home with his mother, who for several days past had been at the home of her son, H. H. King, of near Good Hope. The deceased was a brother of H. H. King and Luther King, of southern Fayette, and a nephew of Mr. Bennett King, of this city, and John, Emmett and Harry King of Wayne township.

GATES—ALL KINDS. W. W. WILSON & SON.

## PATROLMAN BELL CELEBRATES TODAY

Just fourteen years ago today Patrolman Bell donned his uniform as member of the Washington police force, and while entire police forces, with the one exception have come and gone a number of times, Patrolman Bell is the only officer who has weathered the change of administration and held his place on the force.

Throughout the entire fourteen years Patrolman Bell has missed few days of duty, and that was due to illness.

In his long term of service on the force, no formal complaint has ever been filed against him, and his services have proven invaluable in a great number of highly important cases, as well as in thousands of smaller cases.

Time after time he has suffered dangerous wounds and had narrow escapes in dealing with some desperate character, but has always performed his duties unshrinkingly and has never turned his back upon an enemy, particularly if that enemy carried a gun.

Patrolman Bell's record is an enviable one.

## ROBERT LANUM'S FINE RECORD IN ATHLETICS

Special interest attaches to the recent enlistment of Robert Lanum for Signal Corps service from the fact that he is one of the young athletes of this section who is making good—the all around type of fellow who is invaluable to the service.

ROBERT LANUM.

Young Lanum was a member of the local high school track team of 1913, making records in the low hurdle and the hundred yard dash and bringing home a number of medals from interscholastic meets.

But it was in his connection with the Delta Upsilon Fraternity track team and his brilliant individual work which won for this fraternity the two years championships, that he became prominently known in athletic circles.

Young Lanum enlisted Wednesday and went directly from Miami into training at Ft. Thomas, Thursday, so that he had no time to return to his home in this city.

## RAIN TIES UP CORN PLANTING THIS WEEK

The rain of Thursday night and Friday stopped all plowing, planting and work in the fields until first of the coming week.

Farmers anticipate good planting weather next week, and are making all preparations to rush their planting to completion at the earliest moment possible, although while anxious to begin the work, the general idea is that there is an abundance of time.

W. W. Wilson & Son have moved their office to West Court street.

## To Prevent Price Control

Officials, national and state, promise to adopt and enforce drastic measures to prevent any and all unlawful, unjust and treasonable manipulation of food and fuel prices.

It is very much feared that unless some radical action is taken, unprincipled men will seek to take advantage of conditions to make an unconscionable profit. If so the suffering of the people—not alone the poor but people in every walk of life—will be severe next winter.

It is now early in the spring and there is plenty of time for the officials to take matters in hand and deal with them as prospects demand. Now is the time when an ounce of prevention in the way of providing abundant safeguards against the operations of illegal combinations, will be worth tons of effort next winter when the markets are seized.

Heretofore officials have allowed matters to drift along during the summer season and then frantically undertaken to relieve conditions in time of stress. Usually then by the time the ponderous machinery was gotten well in motion the damage had been done.

Governor Cox promises the people of Ohio that, convinced of unlawful price control, he proposes to go after conditions vigorously and no red tape is going to thwart him in his purpose to better conditions.

We sincerely hope that the Governor will use every ounce of his splendid executive ability that the problem requires and by the time the snow flies, have prevention machinery working smoothly.

## Censorship

Congress is now laboring with the problem of enacting a censorship law and in the meantime the news of the day is subject to such censorship, possible under the laws and constitutional guarantees, supplemented by voluntary co-operation of publishers, as the war, navy and state departments deem proper and fitting in view of the existing conditions.

The people of the country will not take kindly to a too rigid news censorship—they will not accept willingly an autocratic censorship of news.

Great Britain and France have learned, especially the former, that to suppress all news of the war was huge mistake and brought about a misunderstanding of conditions which delayed the preparations for war disastrously.

The great weight of opinion in the United States favors giving the people all the facts—the bad news along with the good—and trust them to meet the situation with the proper response. That's the only proper course in a democracy.

Suppression of the publication of news of troop and ship movements and plans for the future are proper enough but there is no good to be gained by holding back the facts about past happenings.

Publish the facts and if suppression of anything more than future plans is necessary, clamp down the lid on unreasonable abuse of public officials.

## Originality in the War

While the present rate of destruction of ships does not warrant the conclusion that Great Britain and France will be starved into submission, as the German admiralty has so boastfully proclaimed to the world, it does, however, warrant the conclusion that the people of Great Britain and France are almost certain to suffer severely.

It warrants the conclusion also that unless something is done speedily to conquer the submarine, both Great Britain and France will be handicapped, measurably, in their offensive campaigns and that this nation will be unable to furnish food and ships rapidly enough to relieve the conditions.

How to conquer the submarine is the big question confronting the world arrayed against Prussian militarism.

In solving the, apparently, unsolvable submarine question the Allies, now including the United States have a tremendous advantage on their side—inventive genius and initiative.

The Americans and the French are admittedly, the great inventive peoples. The Germans are, admittedly, the greatest people in perfecting a new idea and carrying a suggestion to the end in efficiency but they are lacking in new ideas, and initiative.

The Germans adopted the American and French inventions and launched the world war with greatest possible perfection of the engines of destruction, practically none of which were their own ideas.

The submarine is an American invention but the Americans have not even yet carried submarine construction and operation to perfection as have the Germans. The same is true of the aeroplane.

Having "stopped" the Germans at the height of perfection in the use of those invention it is not unreasonable to believe that new inventions will be made by the inventive people.

Genius and originality will certainly be felt in the great struggle from this time on and we are warranted in the belief that it will not come from the Germans.

## Poetry For Today

### THE SOIL OF FRANCE.

The soil of France is drenched with blood

That ran from youthful, noble veins.  
 A million hearts, too brave, too good,  
 Lie silent 'neath her hills and plains.  
 The forms of those we love lie there  
 With faces turned toward the stars  
 Unburied in the still night air—  
 Grant them sweet sleep, O god of wars.

The soil of France in after years  
 Will be revered as holy ground.  
 The dewdrops, like an angel's tears,  
 Will wet the green of each rough mound.  
 And oh! the fairness of the blooms  
 That from the sacred earth will spring!  
 What strange rare scent! what sweet perfumes  
 The night and morning winds will bring!

The soil of France henceforth will be  
 An altar, holy and divine.  
 To it the world will look and see  
 A mighty universal shrine.  
 Proud land of France! Your bounds  
 Inclose  
 The earth's most precious, priceless sod.  
 The dust of heroes' hearts—of those  
 Who fought and died for us—and God,  
 —Philadelphia Evening Ledger.

Tells Countrymen to Honor Land.

By Associated Press Dispatch.

New York, May 4.—Count Adam Tarnowski von Tarnow, the unrevealed Austrian Ambassador to the United States, before sailing for his home land today, issued farewell greetings to his countrymen here and advised them to "honor the land whose hospitality they enjoy, and in which they earn their livelihood."

## FORMER PRESIDENT

(Associated Press Cable.)

Rio Janeiro, Brazil, May 4.—Nilo Pecanha, former President of Brazil, has been appointed Foreign Minister in succession to Dr. Lauro Muller, resigned. He has accepted the portfolio.

Dr. De Sousa Dantas, Under Secretary of State, who was appointed temporarily to head the Foreign Office, relinquished his post on the appointment of Senor Pechanha.

## WOMAN ATTORNEY HAS MARRIAGE OFFER

By Associated Press Dispatch.

Toledo, O., May 4.—Cupid has his eyes on Toledo's only woman attorney, Miss Esther Antin, aged 23. Much publicity has been given Miss Antin since her appointment by Prosecuting Attorney John D'Alton to prosecute for the state the second degree murder charge against Mrs. Evelyn Marleau. It will be the first time, it is said, that a woman has prosecuted a woman charged with murder.

Newspapers and magazines have carried so many stories about the case that as a result Miss Antin has received many marriage proposals from various parts of the country. A Canadian attorney, a Texas rancher, a New York optometrist, an Omaha hotel man, an Alaskan steamship agent and a Chicago grain dealer are among Miss Antin's long distance suitors.

## Try This New Recipe for

Coconut Layer Cake

½ cupful of Baker's Fresh Grated Coconut; ½ cupful of butter; 1 cupful of granulated sugar; 2 eggs; ½ cupful of coconut milk; 2 cupfuls of flour; 2 level teaspoonfuls of baking powder.

Cream butter and sugar until light; add well-mixed yolks of eggs, coconut milk, half the sifted flour and baking powder, the coconut which has been pressed dry in fruit press or cheesecloth. Beat the whites of eggs until light; fold in and add the rest of flour.

Bake in two nine-inch jelly tins in moderate oven for twenty-five minutes. Put together with boiled coconut icing and cover top and sides; sprinkle with coconut.

Complete Recipe Booklet on Request

**BAKER'S**  
 Fresh Grated Coconut in the Original Milk In Cans, Not in Paper Packages NOT a Desiccated Coconut

Baker's Fresh Grated Coconut is selected coconut, grated and packed in its own milk. It saves you all the bother of preparation, and you know you are getting the finest coconut grown. Remember, this is fresh, not desiccated coconut.

## GYMNASTICS IN PRICE OF WHEAT

Wheat, at one smash, dropped 21 cents per bushel at the opening of the market, Friday morning, but before the market closed had regained all but 7 and 1-2 cents of the loss.

When the break came no prices were quoted locally, but when the market became more settled the price was fixed at \$2.85, or a drop of 5 cents from Thursday's price.

# RULES GOVERNING WITHDRAWAL FROM THE HIGH SCHOOL

Boys Must Have Consent of Parents and Grades Worth While. Very Few Drop Out Under Call to the Farm or Other Work.

The conditions under which high school pupils may withdraw from the Washington school for work on the farm, work in munitions plants or for other work calculated to aid in the production of food or for war service, have been drafted by Supt. McClain, who requires absolute proof of work before permitting withdrawal.

Up to the present time the number of pupils withdrawing has been very light, or, to be exact, four have applied for permission to work on the farm.

Consent of parents must be filed, together with reports from the employer of the student showing that he is working regularly.

The conditions governing the withdrawal are herewith given in full:

"1. On account of the needs of the nation at this time any student can withdraw for the purpose of helping to increase the acreage or yield of any foodstuff, increase the output of any of the mines, work in munitions factories, or aid in transportation of any such materials.

"2. All students withdrawing for above reasons shall not lose their rank in school and shall have the privilege of taking all examinations at the regular semester examinations or shall have the privilege of a special at the beginning of the next school year.

"3. Students having no grade below 85 with an average of 90 in deportment shall be promoted without examination at the end of this year. Students who are in the examinations as indicated by their grades at the time of their withdrawal can take the examinations as mentioned above. Those not taking such examinations when required will be marked failures. No promotion will be made except under the rules of promotion.

"4. To withdraw under above conditions the parents must give a written consent and the person employing such student must report at the end of each week in writing to the principal, stating the time the student was employed. When the student is not employed he must return to school or be marked a failure at the end of the year.

"5. All the students withdrawing under above conditions must file a statement signed by parent and employer that the student has spent at least 75 per cent of his time in actually increasing the output of the articles mentioned above or in their transportation. Failure to furnish such statement bars the student from examinations and also from promotion."

## ANNUAL MEETING OF OHIO TEACHERS

Columbus, O., May 4.—The final day of the annual meeting of the Ohio State Teachers' Association at Cedar Point June 26, 27 and 28, is to be devoted to a patriotic demonstration at which Governor Cox is expected to be the principal speaker.

Prominent educators to address the convention include Dr. E. B. Bryan, president of Colgate university; Dr. Hollis Dann of Cornell university and Dr. T. C. Mendenhall of Ravenna, O. Dr. Mendenhall, a former member of the faculty of Ohio State University, is the oldest living former president of the state teachers' organization.

World's Biggest Circus and Spectacle "Cinderella" Announced for Early Date.

Announcement is made that on Tuesday, May 8, Ringling Bros. circus will give afternoon and night performances at Springfield.

The famous showmen are this season presenting an all new and wonderful program. The tremendous fairland spectacle "Cinderella," will appeal to both young and old. More than 1000 persons take part in it. It is easily the biggest spectacle Ringling Bros. have ever staged and its glorious "Ballet of the Fairies" with 300 dancing girls, is in itself worth going many miles to see. Following "Cinderella" 40 arena artists appear in the main tent program. The Ringlings have secured scores of circus performers never before seen in America. An entire trained animal show has been made a part of the main tent program this season. The menagerie now numbers 1009 wild animals. The elephants including "Big Bingo," the earth's largest pachyderm, have been increased to 41 and almost 800 horses are carried. There will be 60 clowns and a big free three-mile street parade show day morning.

## READY TO GO TO FRENCH SOIL

Washington, May 4.—The United States will send 3,000 ambulances and 7,700 doctors and drivers to France, the council of national defense announced. The first of the units of twenty-two ambulances and military men will leave within three weeks. This is in addition to the six medical units, totaling about 1,000 medical men, which will be sent at once to Great Britain.

Declaring navy enlistments are coming in so fast that additional training quarters are imperative, Secretary Daniels personally asked an additional appropriation from congress of \$7,000,000 for naval training stations to be added to the new army and navy bill.

## CAN JOIN VOLUNTEER DEFENSE RESERVE

By Associated Press Dispatch. Cleveland, O., May 4. — Clevelanders not subject to conscription will be given an opportunity to join a volunteer defense reserve of home guards. The committee of one hundred organizations, known as the most aggressive organization in the city, will meet on Monday, May 7, to take the initiative in the matter.

There has been a growing demand among citizens that a home guard be organized. The reserves would be subject to call in event of emergencies in Cleveland which the police could not handle and help in keeping the peace and protect public works after the troops have departed.

## HOW TO GET STRONG

A Simple Remedy.

Whatever the cause, we want to say to every person who needs strength, you need Vinol as it is the most efficient strength creator we have in our store. Here is proof from Dorchester, Mass.:—"I don't know what we would do without Vinol in our family. I was weak, nervous and run down as the result of an operation, and Vinol restored my strength. Then Grandmother had a nervous breakdown, and Vinol built her up and restored her health and strength after everything else had failed. We have used Vinol for 13 years in our family, and would not be without it in the house." Myrtle L. Healy, Dorchester, Mass.

We believe in Vinol because we know it is a great strength creator, due to the beef and cod liver peptones, iron and manganese peptones and glycerophosphates, all dissolved in a pure medicinal wine, so we always return the purchase money if Vinol fails to benefit those who buy it.

THE thing that makes your morning coffee so delightful is the flavor produced by "toasting": (coffee experts, of course, call it roasting.)

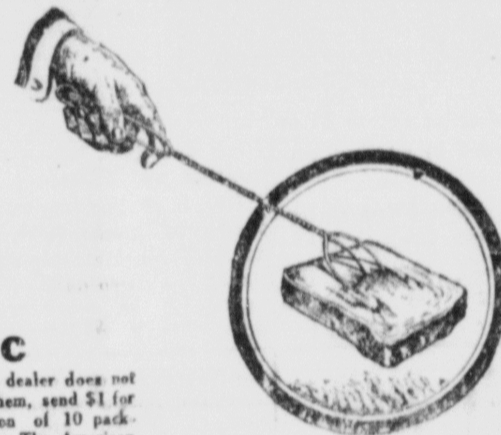

Think of it. Hot, fragrant, delicious. Coffee is not the same, raw. Not much! Toasting gives flavor.

And toasting tobacco gives it more flavor, every time. So we toast the Burley tobacco for the new Lucky Strike cigarette. (You know Burley—you buy it in a green, blue or red tin).

Toasting tobacco develops flavor—seals in the Burley flavor, right. It holds: the Lucky Strike cigarette is flavor-sealed, and delivered to you fresh: not dry, not moist—just right.

Join the Lucky Strike Smoke Circle. You'll like the Lucky Strike cigarette because—

## LEGAL NOTICE

NOTICE IN APPLICATION TO REGISTER TITLE TO LAND.

Cause No. 2334.

In the Probate Court of Fayette County, Ohio.

John A. Paul, Plaintiff, vs. Lucy Holmes, et al, Defendant.

To Lucy Holmes, Otis Rowe, Elizabeth Clay, Clarence Slater, J. T. Oatneal, Victoria Oatneal, Alice Nolen, Albert Nolen, Eva Smith, The City of Washington, Fayette County, Ohio, J. G. Williams, Emmitt Morris and Louise Perrill, as commissioners of Fayette County, Ohio, all of the above named defendants having their address at Washington C. H., Ohio, Mary C. Boyd, Cardington, Ohio; Minnie B. Stiner, Cardington, Ohio; E. P. Boyd, Marion, Ohio, and to all persons having any interest in or lien or charge upon the lands or any part thereof described herein. You are hereby notified that an application has been filed in said Court by John A. Paul to settle, determine and remove all clouds from and to register his title in and to and to settle, determine and register all lesser or other estates and interests in, and all liens and charges upon, the following described lands, to-wit:

First Body or Parcel. Situate in the City of Washington, County of Fayette and state of Ohio:

Beginning at a point two (2) feet and ten (10) inches North of a stone in the pavement at the Southwest corner of the square bounded by Forest, Market, Delaware and Temple streets; thence with the line of Market street North forty-nine and three-fourths (49 3/4) degrees East one hundred and sixty-five (165) feet to an alley; thence with the said alley line North thirty-eight and one-half (38 1/2) degrees West one hundred and five (105) feet to a point in the line of an old road (now abandoned); thence North six and three-fourths (6 3/4) degrees East ninety four (94) feet to a point corner to a Lot owned by Albert Nolen; thence with the line of said lot South seventy-seven and one

## MILITARY COMMANDS RESOUND AS AMERICA PREPARES

All over America men are going through the motions indicated in the photographs with the others that go to make up the American manual of arms. Thousands must learn these things in order, military men are agreed, to fit themselves for service in the army. They are a necessary part of military training and discipline.

These regulations are uniform throughout the United States and are used in the training of regulars, sailors, national guardsmen, etc. By uniformity possible confusion arising from conflicting regulations is avoided and men drilled in one part of the country have no difficulty in

recognizing and obeying orders when they are transferred to another section.

The manual of arms helps materially in improving the physical condition of the soldiers, although the training of the body is not its primary purpose. For

that end the experts have devised other exercises, which are known as "setting up" drills.

No. 1, in picture represents "present arms," side view; No. 2, "rifle salute;" No. 3, "present arms," front view; No. 4, salute; No. 5, "charge bayonet;" No. 6, "right shoulder arms" No. 7, "aim."

## OHIO COAL MEN ACCEPT RATES

(By American Press)

Columbus, May 4.—Ohio coal operators — "It is not, oppose an increase in coal freight rates if the present differential in rates against West Virginia and Kentucky coal is maintained."

This was brought out at a hearing before the state utilities commission on the proposal of Ohio roads to boost coal, coke and ore rates 15 cents a ton. The interstate commerce commission already has authorized such an increase on interstate shipments, effective June 15.

Railroads want a similar increase on shipments within Ohio granted by the utilities commission to become effective at the same time. They also are seeking a 15 per cent boost in all other freight rates, effective July 1. Similar increase in interstate freight rates is being asked.

Railroad men at the hearing declared they hoped protests to the increased rates, if granted, would not be filed, so that they can not be put into effect for a number of months. "We need an immediate increase in rates so equipment can be purchased to handle business that is bound to swamp us otherwise," said G. H. Ingalls of the New York Central.

The utilities commission issued an order fixing demurrage rates at \$2 per day for the first three days after 48 hours free time, and \$5 for each day thereafter. The new tariff takes effect in five days and is to be operative for six months.

Reports that hundreds of cars, loaded with coal from other states, are standing on Ohio sidings, probably will cause the utilities commission to appeal to the interstate commerce commission to order them moved.

## SUMMARY FOR CORN AND WHEAT STATES

Columbus, O., May 2.—Farm work was somewhat delayed by the rains of the week and the growth of vegetation was retarded by unseasonably cold weather. Although growth was slow on account of cold ground, wheat, alfalfa, clover, grass and meadows show improvement. The preparation of land for corn has been carried on as far as possible and this work is now well advanced. There was some planting in southern counties. The acreage in corn will be largely increased from present indications. A large amount of gardening was done during the week.

Washington, D. C., May 2.—Rainfall was heavy in the central districts and

the weather was very cold throughout the week in the Plains States and the Missouri Valley; farm work was retarded and germination delayed in the northern districts. Winter grains, meadows and pastures have improved though growth is slow in northern states; but there was rapid improvement in winter wheat in Kansas and Oklahoma; the plant is stooling in Missouri. The seeding of spring wheat and other grains was delayed in the northern part of the area but these crops are growing well in the central valley district. Weather conditions were favorable for the growth of corn in most of the southern states, planting is under way in central districts but work is delayed in northern portion. Early potatoes and some truck crops are growing well.

WILLIAM H. ALEXANDER,  
Meteorologist and Section Director.

## NOW IN CHICAGO

(By American Press)

Chicago, May 4.—The French commission, headed by Rene Viviani, Marshal Joffre and Admiral Chocheprat, arrived here from Washington at noon and was received with an enthusiastic reception. Elaborate entertainments and receptions have been planned for the members of the mission and hundreds of thousands of people greeted them.

Upon leaving Chicago the mission will proceed to St. Louis, Kansas City, Springfield, Ill.; Philadelphia, New York and Boston, returning to Washington probably in ten days.
